51 or over	+ 16 / - 18

Example	Game start points	
Player A handicap 70	Player A	+ 4
Player B handicap 58	Player B	- 5
Difference	12	

Player A starts on 4 points and Player B starts on 0.

When Player B reaches 5 points he / she score reverts back to 0.

Change ends in the third game when one player reaches their halfway point to 20, for example, when Player A reaches 12 points or Player B reaches 8 points.
