*Please note that these handicaps may be reviewed up or down after 2 or 3 matches depending on the scores.*

*To calculate starting score the following may be helpful:*

- (a) Where both players are on a +ve handicap eg +3 and +6 starting score will be 0 and +3 with 1 serve.*
- (b) Where both are on a -ve handicap eg -1 and -5 starting score will be 0 and -4 with 2 serves.*
- (c) Where handicaps are -ve and +ve eg +6 and -2 starting score will be +6 and -2 with 2 serves.*
- (d) In doubles games simply add the two players handicaps together, divide by 2 and round down to the nearest point.*
