To Whom it May Concern

**Subject: Update of LARC 2015B (4 January 2016)
Immediate suspension of Efforter racket coverings**

Dear Friends,

The ITTF Executive Committee has decided to suspend all **Efforter** racket coverings from LARC (List of authorised racket coverings), with immediate effect on 4 January 2016.

This suspension is a result of repeated breaches of clauses of the Technical Leaflet T4, which lead to suspension of authorisation, as specified in the ITTF Handbook (3.2.1.1) and in the Technical Leaflet T4 (7.2).

The offenses include:

- Selling racket coverings before the ITTF has provided notification that they have passed all necessary tests.
- Illegal modification of the pimple top surface of Efforter 004 Radar and selling with two different types of pimple top surfaces, with illegal use of the ITTF logo.
- Illegal use of the ITTF logo and ITTF number on racket coverings, which are currently not on LARC, but already available in the market.

The suspension is valid with immediate effect.

Yours truly,

Judit Farago
ITTF CEO

Vicky Eleftheriade
ITTF Equipment Manager

Also available on the ITTF.com (Home > Equipment > Racket Coverings)

DATE OF PUBLICATION: 1 October 2015 (Page 3 - Updated: 4 January 2016)

The new rubbers entering LARC 2015B appear in **bold italics**, whilst other changes appear in **bold**, and both are **valid with immediate effect**. **There is a case of immediate suspension (indicated on page 3) but also listed on the last "Annex" page.**

Many racket coverings contain additional text in the rubber mould apart from the brand name and supplier's name and this does not disqualify them from the LARC. However, the brand name given in the LARC must be there (for example, Butterfly Sriver L and Butterfly Sriver S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

How to acknowledge a racket covering from LARC:

1. Make certain that you have the correct LARC (see date of validity, it is published twice a year, in April and October.

Pdf files to be found on our website at all times: ITTF.com).

2. The supplier and brand names as well as the ITTF logo and eventually ITTF number should be clearly visible on the rubber.

3. These names should appear in the LARC. If in doubt, check the images/pictures on the ITTF web site.

LEGEND

[R] or [B] Indicates that this brand name is available in only red or black respectively.

"Long" Under 'Pimple Type', this is used where the aspect ratio (= pimple height / pimple diameter) is larger than 0.89.

01) Supplier number, may appear in the rubber mould together with the ITTF logo.
