

BUTTSBURY TABLE TENNIS CLUB

COVID-19 RULES

Our requests would be that all able adults wear a mask coming in and leaving the building and when out of their seat. All chairs will be over 2m apart from each other so can take them off when seated if they wish to.

We don't want any people arriving at our venue before 7:25 and the doors will be locked until this time so I can set up the hall without people walking around and players trying to knock up.

Hand sanitizer will be provided on entry to the building, players to remain in car park area as we will have games in 2 halls and people in each hall will not mix so they will be told which door to enter through for their game.

All participants who enter the hall will need to leave details for track and trace, these will be kept for 2 months by the hall owners and then destroyed. Please keep the numbers to a minimum, maximum of 1 adult per child playing in the match allowed in the venue.
