

**NORTHUMBERLAND TABLE TENNIS ASSOCIATION PLAYER GRADINGS FOR  
KO CUP 2019 to 2020 as at 15 November 2019**

These handicaps are based largely on the results of games played in the winter season 2018-19. The clubs' and players' names have been arranged in alphabetical order. The list will be used as a reference source for the KO Cup 2019-2020 and may be updated to include new players and correct any anomalies, at the discretion of the organising committee. Where there is insufficient data to calculate a grading at the effective date of this document a player will be shown as 0 - 0. Club secretaries are asked to check lists in advance of each round. If any of your players have been omitted or if you require handicaps for new players or consider a grading is too high or low then contact Alan Hedley by email or mobile using the Contacts list on TT365. No player can compete in this competition without a grading and are required to hold individual membership with Table Tennis England and have a subscription with TT365.

### GUIDANCE

Each match consists of 9 sets of singles (no doubles).

All matches are the best of 3 games. In each game the player reaching 21 points first wins.

If a game reaches 20 -20 one player requires 2 clear points to win.

Service changes occur each time the score is a multiple of 5.

If the match enters a third game there should be a change of ends when:-

The player starting from 0 reaches 10, or, if earlier, the player with a start reaches a score equating to that start plus half the difference between the start and 21. (e.g. with a start of 8 the difference is 13 – thus change over start =  $8 + 6$  (round decimals down) = 14.).

When two players meet in a handicap game they use their handicap numbers to calculate the start which the higher graded player gives to the For example a player graded 340 (from the Premier Division ) with a handicap number of 2 meets an opponent graded 190 (say from Division 1) with a handicap number of 32. The difference between these handicaps (in this case 30) is then compared to a POINTS START CHART (see the table below) to give the number of points start which the lower graded player receives. In this example the 30 difference between the 2 players chart indicates a 13-point start.

### POINTS START CHART

Column A = Difference between 2 players' handicaps

Column B = the start which the higher graded player gives the lower

A	B	A	B
0	0	15 to 17	9
1	1	18 to 20	10
2	2	21 to 23	11
3	3	24 to 26	12
4,5	4	27 to 30	13
6,7	5	31 to 34	14
8,9	6	35 to 38	15
10,11	7	39 to 42	16
12 to 14	8	43 to 47	17
		48 up	18
